## FAYARD, DOUSSAN FOR JUSTICE PEACE, BEAT 5

EDWARD A. FAYARD

We are hereby authorized to announce the candidacy of Edward A. Fayard for the office of Justice of the Peace, Beat Five, Hancock County, Subject to the Democratic Primary Election in August, 1959.

Mr. Edward A. Fayard's statement to the voters of Beat Five is as follows:

TO THE VOTERS OF BEAT FIVE, HANCOCK COUNTY, MISSISSIPPI:

I am the son of the late Charles Natal Fayard and Emma Bourgeois and am a native of Bay St. Louis, Mississippi, and attended St. Stanislaus Day School, better known as "Rip University."

I am a Veteran of World War I and served overseas. I organized the Veterans of Foreign Wars in 1942 and the Disabled American Veterans, Chapter No. 35 in 1957, and am Commander of the D. A. V's and Service Officer for the Veterans since 1942.

I sincerely ask that you consider my qualifications, character and reputation and past experience with the Public.

I know I won't see everyone even though I will try, but to those I may not see I humbly hope you will consider me for Justice of the Peace of Beat Five in the August Primary.

To those I have had the good fortune to see, I ask your continued support. I have adopted the Slogan, "All the way with Edward A. Fayard for Justice of the Peace of Beat Five."

Respectfully submitted, EDWARD A. FAYARD.

## REGATTA TO BE HELD, SUNDAY JULY 26 AT YACHT CLUB

The Bay-Waveland Yacht Club and St. Stanislaus Sideliners Club will sponsor a regatta Sunday, July 26, at 1 p. m. in front of the yacht club.

The program will include five classes of inboard motor boats, two races in each class.

The races are sanctioned by the National Power Boat Association with points counting towards national recognition.

The contest will be under the supervision of the New Orleans Power Boat Association.

Chairman for the Sideliners Club will be Carlos Lozano, Jr., and Macrina Treilles. Ben Hill, Jr., will serve as chairman for the Bay-Waveland Yacht Club.

## Paul M. Miller To Represent Young People At Youth Conference

Paul M. Miller, son of Mr. and Mrs. Paul Miller, Sr., Hickory Lane, Bay St. Louis and a junior at Bay High School has been selected as one of the 36 delegates who will represent the young people of the Mississippi Conference of the Methodist Church at the National Convocation of Methodist Youth to be held at Purdue University at Lafayette, Indiana, August 24 - 28.

The group will leave Jackson on chartered buses on August 22nd to join the 6000 young people and adult workers at Purdue.

The program will include lectures and discussions on "Man's Need and God's Action." The "Logan Convictions of the Church" and "Human Situation" including the "Problem of Individual Integrity" and "The Organized Society" and "The International scene with conversations with Theodore Gill and Eleanor Roosevelt and other well-known personalities.

We are authorized to announce the candidacy of Henry J. Doussan for the office of Justice of the Peace, Beat Five, Hancock County, in the August Democratic Primary Election.

Mr. Doussan's statement to the voters of Beat 5 follows:

This is my formal announcement to the voters of Beat 5 of my candidacy for Justice of the Peace for Beat 5, Hancock County, and I submit this brief resume of my background.

I am a native of Bay St. Louis. I was born April 29, 1914, the youngest of seven children. I presently reside at 116 Carroll Avenue with my wife and six children.

My children have received their education at both the Catholic and Public Schools in Bay St. Louis. I consider myself fortunate to be able to offer to my children the opportunity to receive their education and to experience the wonderful enjoyment of living and growing up in our beautiful city of Bay St. Louis.

I am a member of Our Lady of the Gulf Catholic Church, the Holy Name Society, Knights of Columbus, the Veterans of Foreign Wars and the American Legion.

I am an INDEPENDENT CANDIDATE and I am independent from any political ties with political groups. Naturally, I am fully dependent upon your vote to be elected to this office and I earnestly solicit and ask for your vote in the August Democratic Primary.

As to my business experience I am a licensed Insurance Agent representing Bankers Life and Casualty Co. of Chicago, underwriters of the Famous White Cross Plan, offering Life, Hospitalization and Group Insurance in five counties in Mississippi.

I am also a licensed Real Estate Broker handling all phases of Real Estate.

The past 25 years of my life has been devoted to the selling profession and I feel this has afforded me the opportunity to meet and deal with people in all walks of life and given me the experience necessary to hold the position of Justice of the Peace.

If I am elected to this office I promise to serve you fairly and impartially at all times. I will show no favoritism or prejudice but will serve with a sincere devotion to the duties of the Justice of the Peace.

I feel I am capable of Independent thought and Action and qualified to administer the duties of Justice of the Peace.

Additionally I believe the office of Justice of the Peace demands an interest in the problems of our young people and I intend to use the office, if elected, to aid in the development of youth programs.

As I am the father of six children, this has given me additional experience in understanding and dealing with problems affecting our teenagers.

Your vote and support in the August Democratic Primary will be sincerely appreciated.

Vote for Henry J. Doussan, INDEPENDENT CANDIDATE for JUSTICE OF THE PEACE OF BEAT 5.

## COUNTY 4-H DAIRY JUDGING TEAM WINS 1ST PLACE IN JUDGING

Hancock County 4-H Dairy Judging team placed first in the state judging contest held at Mississippi State University July 15.

The team which includes Carl Hioran, Jr., Charlie Smith, George Hinton and Jos. Harriel, is under the supervision of John E. Smith, assistant county agent.

The team placed first in the district contest in Hattiesburg earlier in the season. They are now eligible to compete in the National Dairy Congress to be held in Waterloo, Iowa at a later date.

This is the first time a Hancock County team had a State 4-H Club winner.

Mr. Smith and the boys will return Friday.

## MAYOR DISCUSSES MATTERS PERTAINING TO SOFTBALL LEAGUE

Mayor John A. Seafide discussed matters of policy and regulations governing the softball league at a meeting held Monday night.

Mr. Seafide pointed out and discussed the duties of the Park and Playground Commission members who are officially in charge of all parks and playgrounds and recreational programs.

Attending the meeting were City Officials, Park and Playground members, sponsors and managers of the softball league.

## ALL-AMERICAN FASHIONS SHOWN

New York—All-American fashions made to be worn in each of the 50 states, scored a smash hit as some 240 fashion editors from all sections of the country applauded the opening shows of a week of fall previews by New York designers.

Clothes shown today have a new ease, a new swagger, an air of casual sophistication that identifies the well-dressed American woman at home and abroad.

A highlight was a showing of American knit fashions by Alanine, climaxed by the appearance of Miss America of 1959, Mary Ann Mobley, in a white cotton knit evening gown designed by Call Chapman and trimmed with the state flowers of each of the 50 states.

Each fashion shown, ranging from casual separates to formal evening gowns, was dedicated to one of the United States, with special bows to Alaska and Hawaii.

# 6,715 Registered To Vote In Hancock

On board an amphibious duck are some men from Bay St. Louis, 134th Trans Co. They are instructing new men how to operate the duck. They are from left to right: 1st Lt. Bouis, 2nd Lt. Bourgeois, 1st Lt. Frencier, and SFC Bunch.

Hancock County Circuit Clerk A. C. Mitchell said 6,715 voters have registered in the county this year, an increase of approximately 1,000 over last year.

"Hancock County has the highest voting percentage per capita in the State of Mississippi," the circuit clerk noted.

He predicted, however, that absentee voting this year will be far short of the 1958 figure as the result of a new measure enacted by the 1958 legislature.

Only service personnel away from home and interstate transportation workers are now eligible to cast absentee ballots.

Mitchell said applications for absentee ballots in the Democratic primary next August 4 will be received at the circuit clerk's office in Bay St. Louis from Saturday, July 25, until noon on August 1.

Both application forms and primary ballots have already been printed, he said.

A break-down of registrations in the 25 precincts in Hancock County follows:

Beat one—Napoleon, 183; Logtown, 159; Ansley, 29; Pearlton, 251; Gainesville, 110. Total of 732.

Beat two—Aaron Academy, 287; Flat Top, 209. Total of 496.

Beat three—Crane Creek, 248; Dedaux, 140; Standard, 257. Total of 645.

Beat four—Kiln, 528; Rocky Hill, 63; Caesar, 257; Fenton, 173; Catshoula, 153. Total of 1,175.

Beat five—Arlington 102; Edwardsville, 172; Clermont Harbor, 145; Waveland, 695; North Bay, 208; South Bay, 382; Central School, 549; City Hall, 383; Court house, 567; Lakeshore, 216. Total of 3,669.

## Hometown Development Means Taking Care of The "Little Things"

Hometown development for the average Mississippi community means taking care of those "little things" aimed at making life more enjoyable.

That's the opinion of Don Colmer of Hattiesburg, chairman of the Mississippi Hometown Development Committee, after reviewing the 172 self-improvement projects listed by the 118 communities participating in the 1959 program.

"No longer does the average community undertake more than it can accomplish," the chairman said. "The majority of projects are practical, down-to-earth goals that can be accomplished by citizens working together for the overall improvement of their area."

"This is as it should be, because experience shows that projects too ambitious will kill in content; whereas accomplishments spur a community forward."

He said 44 of the 118 communities in the current program are towns of 1,000 or less in population. This is the largest population class. The next largest is the class of 1,101 to 2,500, which has a total of 39 communities. There are 26 communities in centers of 2,501 to 10,000; while in the 10,000 and over group there are only ten participants.

Two general projects are required of all participating centers. Each community must participate in a beautification project while the other required projects can either be one on youth activities or long-range planning. Therefore, most every community is having paint-up, clean-up campaigns, anti-litter drives, and other projects to improve its appearance during the year. Youth activities such as establishment of teenage centers is more popular than long-range planning among the two projects of choice.

Mr. and Mrs. Curtis Asher have just returned after a most enjoyable trip. The trip was a pleasant one and they will be the reception they received in Alliance, Ohio, a small city near Camden. The Ashers were selected as Tourists of the Week and were royally entertained by the citizens of Alliance.

They were guests of the Chamber of Commerce and were shown the sights of the city. Mrs. Asher was presented with a beautiful bouquet of carnations and a gift. Mr. Asher also received a gift. They had accommodations in a lovely, modern motel, and before they left, their car was given a complete "car check." All expenses for the week were paid for, including their breakfast before leaving.

Snapshots and pictures were taken of the Ashers which they will treasure as memories of a most enjoyable week. The hospitality and good will of Alliance, Ohio, were greatly appreciated.

In addition to visiting in Alliance, the Ashers visited Lookout Mountain, Tennessee, and then motored to Massillon, Ohio, where they visited relatives and friends. They also stopped in Geneva, Ohio, for a short visit. While on tour, they saw Niagara Falls and the surrounding country. It was indeed a vacation worth remembering.

Miss Dennis Seuzeneau, daughter of Mr. and Mrs. George L. Seuzeneau, Jr., left Monday for a three weeks visit in Dallas, Texas. She will be the guest of Mr. and Mrs. C. B. Flinn and their daughter Christine.

Mr. and Mrs. Lester L. Walters and Mr. and Mrs. Otis Winnard will host the 25 Couples Club at dinner at the Broadwater Beach in Biloxi Saturday night.

Mr. and Mrs. Bernard Farr and children, Sharon and Scott, of Baton Rouge and Mrs. Farr's parents, Mr. and Mrs. Robert Bell, Sr. and their son, Robert, of Fort Smith, Arkansas, were guests last week of Mr. and Mrs. Horace Farr.

Mrs. E. J. Marengo, who underwent an appendectomy early Monday morning at Gulfport Memorial Hospital, is reported doing nicely.

Mr. and Mrs. Warren Forstall of New Orleans are spending two weeks at their summer home on Boardman Avenue.

## GIRL SCOUTS

By Mrs. Francis G. Poolcoo

Basic Leadership course being held at the Fellowship Hall of the Methodist Church in Bay St. Louis had its first meeting with good attendance July 9. Next meeting with Mrs. C. C. McDonald, Volunteer Trainer, and assisted by Mrs. Phoebe Jones and Mrs. Dora Chamberlain will be held July 16, and it is hoped that attendance will be as good if not better. July 9, Time for the next meeting is from 7:30 p. m. to 9:00 p. m. See you there.

Camp Live Oak Day Camp was a great success. All the girls thoroughly enjoyed all camp activities. Adult and junior members of the council also enjoyed themselves. Speaking to one of the girls who attended, it was stated that the only thing she didn't like, was having to get up early in the morning during vacation time, but it was well worth it for all.

The fun of the live oak and at camp life.

Edith Truitt's letter to her parents was written while she was on the train going to the Colorado Springs Round-Up. She said they arrived in Chicago at 7 a. m. on July 1st. They were all too excited to sleep on the train. They had breakfast and lunch in the Union Station and took a sightseeing tour in the morning and afternoon in Chicago. They visited the Museum of Natural History and Museum of Science and Industry. They also went to Grant and Lincoln Parks, and as a climax to the day, they visited the Chicago Tower. They arrived in Colorado Springs at 7:30 p. m. on July 2nd.

Mississippi Farm Bureau Federation Opposes Any Increase in Gas Taxation

The Mississippi Farm Bureau Federation this week voiced opposition to any increase in federal gasoline taxation, contending that gasoline taxes should be reserved for the individual states.

Beaswell Stevens, of Macon, President of the Farm Bureau, explained that the administration in Washington is advocating the increase in order to complete the inter-continental highway system on its scheduled deadline.

Wasteful spending and further inflation will result, Stevens asserted, if Congress yields to the pressures to impose additional gasoline tax.

"Our organization of 50,000 farm families feels that Congress should not only rule out this proposal for an increase, but that it should eliminate all federal tax on gasoline, farm tractors, implements, tires and other excise items that increase production costs for farmers," he declared.

Stevens indicated that the Farm Bureau is not opposed to the highway building program, but that it believes that adding taxes "to make time" is unsound.

Fat and sleek dairy cattle grazing deep green hillside of Mississippi represent a panorama of progress brought about by farmers determined to increase the economy of dairy herds. In order to produce the lush green pastures now covering much of Mississippi's farmland, it was necessary to carry out an adequate program of fertilization. Probably the most important thing to the dairy industry, good pastures result in thriving cattle and milk production at its best. From the standpoint of dairy economics, authorities agree there is no substitute for good pasture.

## SOIL CONSERVATION

With increased interest in building farm ponds—one of the conservation practices encouraged under the Soil Bank and ACP programs—the Department of Agriculture has issued a number of suggestions on how to practice safety around such bodies of water.

In a leaflet entitled Make Your Farm Pond Safe, the Department points out that ponds intended for livestock water, irrigation or fire protection will also attract people for swimming, boating and fishing. After a pond is completed, the Department urges the following safety measures:

- Mark the safe swimming areas.
- Place warning signs at danger points.
- Place lifesaving devices such as ring buoys, ropes or long poles at swimming areas.
- Post safety instructions for boating, swimming and skating.
- Never swim or skate alone.
- Use boats that will float if swamped or capsized.
- Stay out of ponds during storms and when spillways are flowing.
- Recognize that farm ponds are hazards to small children.

### HOG PRODUCTION

The fat hog has no place in today's program. The future of hog production depends, not only on efficient producers, but on the kind of hogs they raise.

The sooner you switch to a meatier type of hog the better off the entire swine industry will be. It doesn't matter whether you practice straight breeding or cross breeding. Regardless of your breeding use a meaty, heavy bone, well balanced, rugged boar. He is 50 percent of your breeding program so don't settle for just another boar.

When selecting boars and gilts check the underline. Make sure they have 12 or more well spaced teats. Check for blind or inverted nipples.

### TEMPORARY GRAZING

This is an ideal time to make another planting of Sudan and millet in Hancock County. Most farmers at this time of year prefer millet over Sudan.

Use 75 pounds per acre of nitrogen under Sudan and millet planted at this time.

Use 75 pounds per acre of nitrogen under Sudan and millet. Unless your acreage is unlimited it will probably pay you to graze these areas an hour or two a day rather than leaving the cows on all the time.

### CORN WEED CONTROL

Controlling weeds and vines after lay by time will make your corn harvesting lots easier. It will also help you make more corn, as weeds compete with the corn for moisture and plant food. Try using 2-4-D to get rid of these weeds.

If your corn is tied by weeds and vines you can use up to 30 percent of the crop. With hand harvesting weeds and vines can make the corn stand hard to get.

One-half pound of amine 2-4-D mixed in 10 to 20 gallons of water per acre should give you excellent control of weeds and vines.

## Large Crowd Attends American Legion Fair

A record crowd lined the Bay St. Louis Beach over the 4th of July weekend where swimming was enjoyed and the various entertainments furnished by the American Legion Fair.

City Chief of Police Alcide Sanchez said that with the large number of people in town for the celebration, there were no calls for injuries or mischievous behavior.

## For Continued Highway Progress In Hancock County, the John Smith Plan

The drawing above shows details of a proposed Hancock County highway plan as released today by Highway Commissioner John D. Smith.

For Hancock County, John D. Smith, your Highway Commissioner for the Southern District, proposes the following five-point program based on sound engineering principles, to promote the future development of Hancock County and the Mississippi Gulf Coast.

**1. THE IMMEDIATE REBUILDING OF THE KILN ROAD INTO A MODERN HIGHWAY FACILITY.** This highway will provide a new gateway to the Coast for tourists, and at the same time, expand the trade area of Bay St. Louis by an improved highway connection with the northern part of the county. The survey has been made on this project, plans are being drawn. JOHN D. SMITH PROPOSES TO AWARD A CONTRACT NEXT SPRING.

**2. EXTENSION OF FOUR-LANING ON HIGHWAY 90 TO THE JUNCTION OF HIGHWAY 43.** This will not only fill an urgent existing need, but will fit into the plan for coordinating the Hancock County highway system into the new Interstate System which will be built during the next several years. JOHN D. SMITH PLANS TO PROGRAM THIS PROJECT FOR SURVEYS NEXT SPRING, WITH ACTUAL CONSTRUCTION TO BEGIN AS SOON AS PLANS ARE COMPLETE.

**3. GIVE HANCOCK MAXIMUM BENEFIT OF NEW INTERSTATE HIGHWAYS.** Interstate Route 10, paralleling Highway 90, will go through Hancock County. Interstate 59, paralleling Highway 11, will be close enough to be of great benefit provided these highways are properly coordinated with existing highways 43 and 603. JOHN D. SMITH PROPOSES TO SEE THAT THIS IS DONE.

**4. BUILD FOUR-LANE CONNECTION ON HIGHWAY 43.** Traffic studies show that construction of a four-lane connection on Highway 43 between the new Interstate 10 and Highway 90 will continue to funnel tourist trade through the resort areas after the Interstate is completed. With the appeal of "The Spanish Trail" and "The Coastal Scenic Route", coupled with a direct four-lane connection at Highway 43, present Highway 90 should become the most highly developed tourist route in the South. JOHN D. SMITH PROPOSES TO BUILD THIS DIRECT LINK AS SOON AS THE INTERSTATE IS COMPLETED.

**5. ADEQUATE INTERCHANGES ON NEW INTERSTATE.** The benefits of increased traffic on new Interstate routes to any area will depend upon the nature of interchanges. Hancock County is fortunate in having two North-South highways intersecting the new Interstate 10. JOHN D. SMITH PROPOSES TO BUILD ADEQUATE INTERCHANGES ON INTERSTATE HIGHWAY 10 TO PROVIDE FREE MOVEMENT OF TRAFFIC TO OR FROM HANCOCK COUNTY AND AROUND IT.

The plan is the result of careful study and sound engineering. They are the result of thoughtful planning and political opportunities. They are the result of a long-term program for your County and the Gulf Coast Area, voted by the people in the South year Highway Commissioner.

### HOME AGENT'S NOTES

By GLORIA CLAY  
Hancock County Agent  
Hancock, Conn.

It is time now for you to make  
plans for buying ewes for the  
next breeding season.

Whether you are buying for  
replacements, increasing ewe  
numbers or starting a new flock,  
ewes from the Southwest usually  
are the best for producing  
spring lambs.

Most producers prefer Ram  
boullet-Suffolk or Ramboullet  
Corridale cross bred ewes. They  
usually lamb early, are good mo  
thers. They are good milkers,  
hardy, are long-lived and when  
bred to good registered mutton  
type rams, produce top lambs.

One of the better ways to se  
cure good breeding ewes is to  
buy lambs in the fall. These can  
be bred as yearling ewes next  
season. After wintering, you will  
likely have less money tied up  
in these than if you bought  
yearling ewes in the spring.

Also, after wintering in the  
state, ewes usually produce a  
higher percentage lamb crop  
than ewes brought in just be  
fore breeding.

Remember some western ewes  
are no better than our native  
ewes. Know where your ewes  
come from. Check with your  
county agent to locate the right  
kind of ewes.

Do not buy old crop ewe  
lambs in lamb pools for breed  
ing. They are late lambs or  
they would not be there. If a  
lamb comes late, she is likely  
to lamb late. Beware of this  
kind of ewe lamb from any  
source.

#### BEAT THE HEAT

Farmers are more exposed to  
dangers of heat prostration and  
sunstroke than most workers.  
They should take every precau  
tion to avoid these health haz  
ards.

The first step is preventing heat  
sickness is to take more salt  
with meals and salt tablets with  
water, or a tablespoon of salt to  
each gallon of drinking. This  
will help replace salt lost through  
heavy perspiration.

In addition to taking extra salt  
with water and meals wear a  
hat to avoid too much exposure  
to direct sunlight. Avoid over  
exertion, especially during the  
early part of the heat wave.  
Wear light, porous and loose-fit  
ting clothing. Drink plenty of  
water but avoid ice water or al  
cohol. Get plenty of rest.

#### MANAGE TEMPORARY GRAZING

During July and August live  
stock should be given only an  
hour or two of grazing each day  
on Sudan or millet. This will  
help a lot in keeping down over  
grazing.

If you want more growth from  
old Sudan and millet, clip it and  
renitrate. Raise the clipper  
blade six to eight inches so plen  
ty of joints will be left for new  
growth.

You won't get as much growth  
from old Sudan and millet as  
you will from new planting, so  
apply 30 to 40 pounds per acre  
of nitrogen to get the best  
from the plants during the rest  
of the summer.

a commercial addition, a church  
addition, additions to dwellings,  
and a conversion of dwellings to  
apartments.

**TO BE IN THE  
INTERSTATE ROUTE 10**  
The immediate construction of  
the Kiln Road, followed by the  
extension of four-lane on High  
way 90 to be in with new High  
way Route 10 west of Bay St.  
Louis are highlights of a high  
way program approved for Han  
cock County by Highway Commis  
sioner John D. Smith.

In a paid advertisement ap  
pearing elsewhere in this newspa  
per Mr. Smith outlined these and  
other developments which he  
declared will give Hancock Coun  
ty a co-ordinated, engineering  
sound program to achieve "max  
imum benefits from the highway  
system."

Mr. Smith said plans are being  
drawn at the present time for the  
modern highway which will re  
place the Kiln Road and that  
contracts are scheduled to be  
awarded on this highway next  
Spring. In the same advertise  
ment, Mr. Smith said the High  
way Department plans the four  
laning of Highway 90 from Bay  
St. Louis to the intersection of  
Highway 43 and from there to  
tie in the four-lane construction  
with new Interstate Route 10  
along present Highway 43.

These highway facilities, ac  
cording to Mr. Smith, will re  
sult in major benefits to Hancock  
County and the coastal area in  
several respects. Improvements  
of the Kiln Road, he pointed out  
will provide a new gateway for  
Coast-bound tourist traffic from  
the North and West, as well as  
expanding the trade territory of  
the Bay St. Louis area.

Construction of a four-lane con  
nection between Interstate Route  
10 and Highway 90 will not only  
preserve, but will increase the  
tourist potential of Highway 90,  
"The Old Spanish Trail" and  
Coastal Scenic Route," in Missis  
sippi.

Mr. Smith said that with ade  
quate connections such as the  
Highway 43 four-lane route, tour  
ists traveling East-West on Inter  
state Route 10 will prefer to take  
the present scenic 90 across the  
Mississippi Gulf Coast.

He said this plan will do more  
than any other single highway  
improvement to preserve the fu  
ture tourist potential of the Coast  
area and to assure that this area  
derives maximum benefit from  
the greatly increased volume of  
traffic expected on the new in  
terstate routes.

These proposals are part of a  
five-point program outlined in the  
advertisement by Mr. Smith for  
Hancock County.

Other features include co-  
ordination of new highway con  
struction with existing routes  
in order to achieve maximum  
benefit to the county, and con  
struction of adequate interchan  
ges on the new Interstate route  
to serve Hancock County.

#### Selective Holes Contest Played On Ladies' Day At Pass Isles

A Selective Holes Contest was  
played on Ladies' Day at the Pass  
Christian Isles Golf Club, and  
Mrs. Jack Lang was the winner  
of the event.

Mrs. Lang posted a net 17 on  
the 4 holes selected from the  
9-hole round, namely holes Nos.  
3, 4, 6 and 9. Mrs. Cary Spence  
again topped the field with low  
putts with 15.

Mrs. John David won the June  
Ringer tournament with a net 61  
for 18 holes.

Others enjoying the luncheon  
and competing were: Mesdames  
John David, John Griffin, Ed  
Gamard, Walter Russo, Guy Buf  
kin, Lester Walters, John McDon  
ald, Jim McDonald, Otis Win  
nard, S. P. Borden, Phillip Lutz  
zia, Jos. Bellehumer, Wm. Lutige,  
Robert Beck, A. R. Reese of Fort  
Worth, Texas, Chas. Deuchert, of  
New Orleans, La.; Chas. Dickin  
son of Huntsville, Ala.; and Miss  
Maud Frye.

Mrs. Guy Bufkin is to be next  
Tuesday's luncheon hostess.

#### LAND EROSION IS GOING.

Mississippi's new livestock and  
grass agriculture is paying rich  
dividends. Short years ago one  
could drive over Mississippi and  
see hills ruined by erosion. Large  
areas of land in some sections had  
been abandoned to soil depletion  
and gullies. Today many of these  
same lands are covered with  
lush clovers and grasses which  
feed growing calves and fat cat  
tle. The saving in soil fertility  
alone is almost beyond calcula  
tion. In Mississippi farmers con  
tinue to protect their soils with  
vegetative cover and other means  
and apply needed mineral fertili  
zers that the land and cattle need.  
As a result, the production of bet  
ter feed will be doubled within the  
next ten years. As our soils  
grow richer and the quality of  
our cattle is improved, and the  
knowledge and skill of our far  
mers in handling the livestock  
economy grows greater, the cash  
returns from our farmlands will  
be enlarged and accelerated.

ed during his term of office.

The people of Hancock County, and more especially the peo  
ple of Beat 5, need and deserve the honesty, integrity and economic  
ability that "Manny" Hubbard can give them as supervisor.

It is your duty to vote for the man you think best qualified for  
the office. It is our recommendation that you re-elect R. G. "Manny"  
Hubbard.

ANDREW K. MARTINOLICH  
FRANK L. SCHMIDT  
T. A. QUIGLEY

This announcement was not solicited or paid for by Mr. Hub  
bard. This is a spontaneous expression of the above named citizens.

Your vote for me will guarantee a clean, honest and fair administration by an experienced Peace Officer. No rackets or racketeers will be allowed to operate in the County; every person who needs my services as Sheriff will be treated courteously and served efficiently.

I will appreciate your support.

## NOLAN S. LADNER

CANDIDATE FOR SHERIFF OF HANCOCK COUNTY

### PUBLIC HOSPITAL BONDS

#### HANCOCK COUNTY, MISSISSIPPI

Said bonds will be received by the Board of Supervisors of Hancock County, Mississippi, at the office of said Board in the Courthouse in Bay St. Louis, Mississippi, until the hour of 11:00 o'clock A. M. on MONDAY, the 27th day of JULY, 1959, at which time said bids will be publicly opened for the purchase, at not less than par and accrued interest, of the above bonds of said County.

Said bonds are to bear date of September 1, 1959, to be of the denomination of \$1,000 each, and shall bear interest at a rate or rates to be determined pursuant to sale of said bonds, payable December 1, 1959, and semi-annually thereafter on June 1 and December 1 in each year. Both principal of and interest on said bonds will be payable at a place to be designated by the seller, subject to approval by the Board of Supervisors, and said bonds shall mature serially, without option of prior payment on June 1 in each of the years as follows:

\$8,000 in 1960  
\$7,000 in each of the years 1961 through 1966  
\$9,000 in each of the years 1967 through 1969

Bidders are requested to designate in their bids the price they will pay for bonds bearing interest at a rate or rates like-wise to be designated in their bids; provided, however, that all bonds of the same maturity shall bear interest at the same rate, which shall be a multiple of one-eighth of one per centum (1/8 of 1%).

Proposals should be addressed to the Board of Supervisors, should be plainly marked "Proposal for Hospital Bonds," and should be filed with the Clerk of the Board on or prior to the date and hour hereinabove named. Each bid must be accompanied by a cashier's check, certified check, or exchange, payable to Hancock County, Mississippi, issued or certified by a bank located in the State of Mississippi, in the amount of One Thousand, Five Hundred Dollars (\$1,500), as a guarantee that the bidder will carry out his contract and purchase the bonds if his bid is accepted. If the successful bidder fails to purchase the bonds pursuant to his bid and contract, the amount of such good faith check shall be retained by the County as liquidated damages for such failure.

The Board of Supervisors reserves the right to reject any or all bids. These bonds are offered subject to the unqualified approval of the legality thereof by the law firm of Charles and Trauernicht of St. Louis, Missouri. The County will pay the legal fees and will pay for the printing of the bonds and the cost of the validation of said bonds. Delivery of the bonds will be made to the purchaser within sixty days after the date of sale, at a place to be designated by the purchaser.

Witness the signature and seal of the said Board of Supervisors this 13th day of July, 1959.

### Large Group Attends Covered Dish Supper

A large group attended the covered dish supper in the Main Street Methodist Church Fellowship Hall on Friday night to honor their pastor, Rev. W. M. Ellison, Mrs. Ellison and the fifth year. Gifts were presented to each from the congregation with words of appreciation and welcome by Mrs. W. M. Ellison, President of the Women's Society of Christian Service.

Over 125 members have been added into the fellowship of the church during Rev. Ellison's pastorate along with the reconstruction and air-conditioning of the sanctuary and other improvements to the church property.

### ANIMAL FOOD PRODUCT TO BE SCRAP FISH

A new product made from scrap fish and dry ingredients used in animal food, will be produced and tagged at a new plant to be built at Pascagoula by a packing firm. The plant, existing building to be leased, will be in operation by fall in the product will be marketed in the northeast and north. Substantial amounts of scrap fish will be taken from fishermen of the area. The initial operation will be somewhat of a pilot plant; however, if the consumer market develops, the operation will be greatly expanded and employment will be substantial.

### SOIL CONSERVATION

By HUGH SANFORD  
Cooperators of the Hancock County Soil Conservation district among those honored by the issuance of the world's first soil conservation stamp, Mr. Andy Becker said today.

Mr. Becker said the stamp, to be issued August 26 at Rapid City, S. D., is a tribute to the nation's conservation farmers including the Hancock County cooperators of the local district, which

### has been operating since 1945.

"The recent stamp is in recognition of the farmers who are demonstrating good soil stewardship," Mr. Becker said. "It is a salute to their soil conservation efforts and to the professional workers of the State and Federal government who help them."

The stamp will go on sale August 26 at Rapid City, S. D., at the annual meeting of the Soil Conservation Society of America, a professional organization, Mr. Becker said.

On the following day, the stamp will go on sale at other post offices throughout the country, including Bay St. Louis.

Mr. Becker said local observance of the issuance of the soil conservation stamp is being planned.

# Honest.. Sincere ..Progressive

I will work four years supervising the business of District Five and Hancock County, instead of owning and operating a business of my own.

Please, voters, let's not have a part-time Supervisor, but instead, elect a man who is willing to work for the salary the taxpayers pay him. And therefore, give District Five and Hancock County a chance to prosper and grow. A part-time Supervisor can give you only a part of what is due you.

## STATE TURKEY KILL IN 1959 WAS 1,425

The Mississippi Game and Fish Commission has announced that 1,425 turkeys were reported killed in the state in 1959, an increase of 451 more than in 1958. Thirty turkeys were killed in Harrison County while 35 were killed in Jackson County and 18 bagged in Hancock County, the commission said.

During 1958, there were 21 killed in Harrison County, 19 in Jackson County and nine in Hancock County.

Anitue County led the state this year in gobblers bagged, accounting for 265. In 1958 Tunica County led the state with 168 gobblers bagged.

## NEW RECORD SET IN TREE FARMS

A group of 126 doctors, merchants, farmers and salesmen have dedicated their forest lands to setting a new record in the tree farm program of Mississippi. This is the largest number of properties to be certified as tree farms during any one month in the history of the program in Mississippi. The tree farmers were enrolled locally by county tree farm committees composed of permanent members of the various agricultural and forestry agencies and wood-using industries. Mississippi now has 1725 tree farms representing 2,346,761 acres. Each tree farm is a privately owned tract of timberland being managed for continuous crops of useful forest products.

## GIRL SCOUTS

By Mrs. Francis G. Eddison  
(Our report on the going on at  
Camp Activity at Colorado Springs,  
Colorado as given to us by Miss  
Edith Traub as on the spot re-  
porting. "This is an account of  
the Round-Up Patrol from Live  
Oak Council of Girl Scouts. The  
patrol is made up of eight girls.  
Four girls are from Long Beach,  
three from Gulfport, and one from  
Bay St. Louis. The name of the  
patrol is the Southern Belle."  
I have seen the mountains of  
Colorado before, so we were quite  
anxious to see them.

Out at Round-Up the girls are  
known as "Hey Mississippi." Of  
course we have been teased about  
our Southern way of talking and  
about our Confederate flags which  
we brought as some of our  
"swaps" (these are little trinkets  
which every girl brings to show  
something of her Town or State.  
They are then traded and pinned  
on the straw cowboy hats.) From  
Bay St. Louis brought pamplets  
of our Town, wooden Centennial  
nickels, Centennial Belle Pins and  
peanuts. This is the most popular  
thing I have. I don't think I  
could ever get used to this cli-  
mate after living on the sunny  
Gulf Coast.

Here we have had two hail,  
rain and wind storms a day, then  
blazing heat. We have toured the  
Air Force Academy, the Garden  
of the Gods and several other in-  
teresting things. We ate a chuck-  
wagon lunch with real cowboys at  
the Flying W Ranch on "tour day,"  
also, other than that we have  
cooked our own meals, put up our  
tents and carried our own water.  
Our demonstrations will be to  
cook "Southern Gumbo." This will  
be demonstrated to about 300  
girls.

We were very proud to learn  
that within two days a city of  
tents sprung up to be the sixth  
largest city in Colorado.

We are all having a wonderful  
time but will be glad to return  
to the Gulf Coast. Edith Traub.

The last day of the Basic Lead-  
ership course will be held at the  
Fellowship Hall of the Metho-  
dist Church in Bay St. Louis on  
Thursday, July 23 from 9:30 a.  
m. to 3:00 p.m. The session will  
be devoted to badge work and  
the Senior Program. Leaders  
who have already had this course  
may visit on this day. Make  
every effort to attend this ses-  
sion.

## GIRL SCOUT FOUNDER

The Founder of the Girl Scouts  
in the United States of America  
was Juliette Gordon Low. She  
lived here and knew what they  
liked. Her home was in Eng-  
land part of the time. She knew  
Lord Robert Baden-Powell and  
helped him with the Girl Scouts  
there.

Mrs. Low knew the girls in  
this country would like to be  
Girl Scouts too. She came back  
to her home in Savannah, Geor-  
gia, and started the Girl Scouts.  
She helped make it possible for  
girls all over the world to be  
friends.

You can help the girls of our  
community to be Girl Scouts by  
mailing your contributions today  
to Mrs. James Anley, 635 S.  
Beach, Bay St. Louis. We thank  
you very much.

## TIPS FOR BETTER BOATING

Some practical recommendations  
should be kept in mind by all  
who operate boats in our state.  
These suggestions are: Be sure  
the boat is in good condition and  
of sound construction before  
leaving the dock. Carry the proper  
load; beware of overloading.  
Take time when operating a boat  
and always use common sense.  
Remember the wake of a boat can  
damage others. Steer clear of  
swimmers in the water. Check  
weather before going out and  
have due regard for it. Respect  
a boat and its capabilities. Pro-  
vide proper life preservers for  
each person and have them avail-  
able for instant use. With more  
and more Mississippians buying  
and using motor boats, these re-  
commendations should be kept in  
mind.

to attend this simple, quiet,  
friendly gathering and enjoy such  
things as the agricultural exhi-  
bit, the horse show, dance con-  
test, and other interesting and  
entertaining features.

## GOVERNMENT ARRESTS SEIZURE OF 5000 UNLABELED PILLS

The United States Government  
today filed a libel of information  
in Federal Court at Biloxi ask-  
ing seizure and condemnation of  
5000 pop pills containing prescrip-  
tion drugs at a Bay St. Louis  
truck stop.

The libel seeks seizure of three  
unlabeled bottles, each containing  
1000 green, single-scored tablets  
and two unlabeled bottles, each  
containing 1000 round, white dou-  
ble-scored tablets, of an article  
of drug.

The tablets are in possession of  
the truck stop, located at  
Highway 90 West, Bay St. Louis  
the libel says.

Analyses show the article in the  
three bottles contains dextroam-  
phetamine sulfate and in the two  
bottles, contains Di-amphetamine  
sulfate. There are prescription  
drugs, the libel says.

It also states that the articles  
are misbranded while held for  
sale after shipment in interstate  
commerce, that the drug is in  
package form and fails to bear a  
label containing the name and  
place of business of the manu-  
facturer, packer or distributor and  
an accurate statement of contents  
in terms of count, that its label fails  
to bear the common name of the  
drug, that it is a prescription  
drug and is in the possession of  
a person or persons not authorized  
to dispense a prescription drug  
and that its label fails to bear the  
statement "Caution—Federal law  
prohibits dispensing without a pre-  
scription."

**Telephone Co. Plans To Urge Court To Reconsider Opinion**  
Commenting further on last  
week's State Supreme Court  
ruling regarding telephone rates,  
C. L. Lott, Mississippi Vice-  
President and General Manager  
for Southern Bell, said today that  
the Company plans to urge the  
Court to reconsider its opinion.  
Lott said this decision was  
based on the Company's careful  
investigation of the Court's rul-  
ing to the effect that rates pre-  
scribed by the Public Service  
Commission to provide earnings  
of less than 5% on Southern  
Bell's Mississippi investment are  
"just and reasonable."

## R. G. "Manny" Hubbard,

Below is an exact reprint of my appeal  
to you EIGHT YEARS AGO, when serv-  
ing my ninth year as Alderman in Wave-  
land, I asked you to elect me to the  
Board of Supervisors. Read it, I think  
about it, and then YOU judge if I have  
KEPT FAITH WITH YOU!

I have tried to conduct my campaign as I intend to run my office, if elect-  
ed Supervisor, with sincerity, dignity, and honesty. If I felt I was compell-  
ed to belittle and lie about my opponents to be elected, I would not be a  
candidate for the most important office of Supervisor.

There have been many untrue rumors about me. This is not the first  
time I have come under the fire of lies. In the Waveland election of 1950, the  
opposition misrepresented facts, told half truths and even actual lies. Be-  
cause the welfare of the Community came first with me; I refused to carry on  
a misleading campaign in the news-paper. This sincere and unselfish attitude  
proved to be what the people wanted, as the election results verified.

In my nine years in public office no one has ever dictated to, or control-  
led me. My first thought has always been, "What will best benefit the tax-  
payer." No one can accuse me of not having the courage of my convictions.  
If I stand alone, my vote goes down for what I believe to be right.

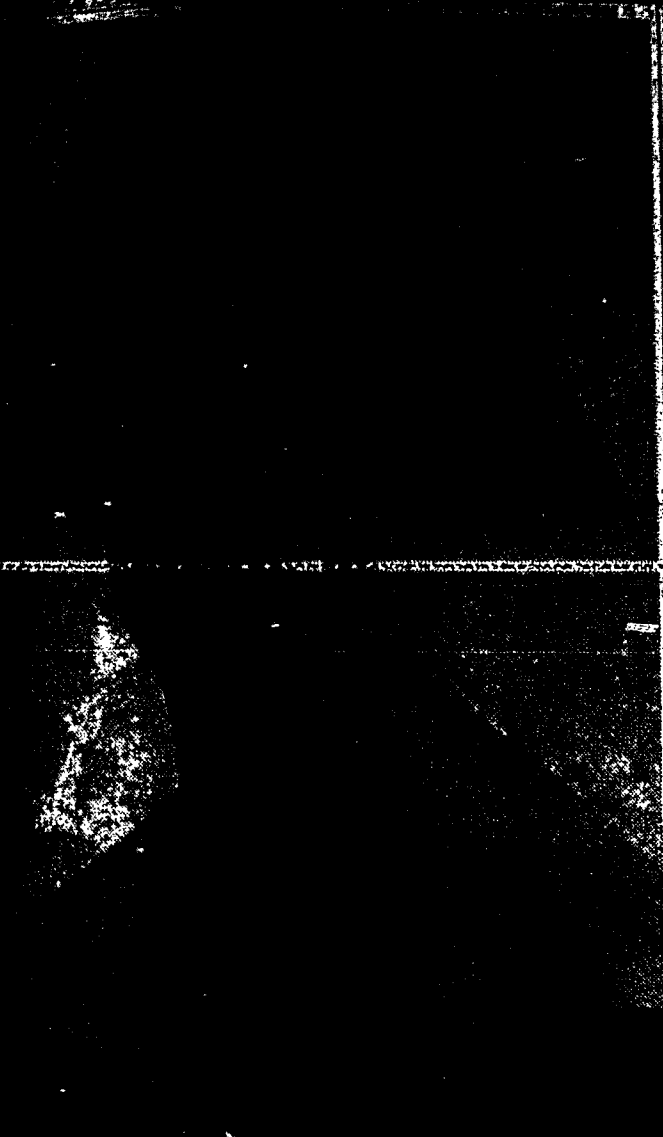

Under the Administration of which I am a part, Waveland has gone for-  
ward in the most rapid manner to meet the needs of everyone. I sincerely believe if you  
elect me to the Board of Supervisors, I can pull it out of the deplorable state it is in  
and make it a better place.

My Office works for the PEOPLE and the COMMUNITY  
and not for the selfish interests of any one person. The results are bound to be  
beneficial to all.

My Office works for the PEOPLE and the COMMUNITY  
and not for the selfish interests of any one person. The results are bound to be  
beneficial to all.

### "Al Capone" Picture To Be At Star Theatre Sunday and Monday

One of the most important projects ever to come out of Hollywood, Allied Artists' "Al Capone," Rod Steiger starring picture, will be at the Star Theatre, Sunday and Monday, July 19 and 20.

Packed with excitement and authentic integrity, "Al Capone" is the film the world dared Hollywood to make for a period of 10 long years.

Beautifully presented, the high-budget film tells the life story of this country's most powerful and ruthless gang chief, from the day, in 1920, when he, a tough hustling hoodlum, arrived in Chicago, until, on January 25, 1947, he died, broken in mind and health.

Steiger who won an Academy Award nomination for his superb acting in "On The Waterfront," and who also won television's highest award for portrayals in "Marty" and "A Town Turned to Dust" seems to be hand-picked for the role of the relentless and powerful hungry Capone.

Feminine interest in the Burrows-Ackerman production is Fay Spain, who will be remembered for her portrayal of hoydenish and completely feminine Darling Jill in "God's Little Acre." Undoubtedly the most important role of her burgeoning career, Fay's portrayal of the woman in Capone's life is packed with suspense, a high dramatic value and sex.

Producers John H. Burrows and Leonard J. Ackerman have gone to great length to pick a supporting cast for "Al Capone." For Schaefer, the relentless, hood, hunting cop who doesn't give up on Capone until he places him behind bars at Alcatraz, he chose brilliant James Gregory of the New York stage. Equally brilliant New Yorkers were chosen for other supporting roles. They include Nehemiah Persoff as Johnny Torrio, Murvyn Vye as Bugs Moran, Martin Balsam as the quizzing reporter Keely, Lewis Charles as Hymie Weiss, Robert Gist as O'Banion and Joe De-Santis as Big Jim Colosimo. All men give standout performances.

Avoiding the cheap clichés of the average "gangland" picture, "Al Capone" tries, and succeeds admirably, in getting the story behind the story—the reasons why a tough hoodlum was able to rise to such prominence that no law in the country (until the Federal Government moved in with income tax charges) could touch him.

### "The Mysterians" Film At Legion Theatre, Thursday, Fri., Sat.

The possibility of intelligent life on an asteroid which are the shattered remnants of a once great planet, and this thrillingly packed story of what happens when such a race of thinking beings sends a fleet of space ships to Earth to take over our planet by force is dramatized in "The Mysterians," a new MGM release in wide-screen and color.

"The Mysterians," a Toho Production, tells the story of just such a race as many scientists believe "must exist." Their own planet destroyed as a result of nuclear experiments, the Mysterians have been forced to flee to the asteroid which are all that remain of their once proud home. Here, their tremendous knowledge leads them to the development of interplanetary space ships and sound devices capable of picking up our radio broadcasts on Earth. Their research tells them that Earth isn't suitable as a place for their own habitation, and that their bodies are sufficiently like human bodies so that they can mate with Earth women to produce a hybrid population which will build their strength for invasion of all other planets in a short time.

A generation ago, the story of "The Mysterians" would have been dismissed with a shrug as simply the pipe-dream of some science-fiction writer. But just as Michelangelo was sneered at when he predicted that man would some day fly through the air in heavy machines, and Jules Verne was called insane when he wrote about submarines and rockets to the moon, so today our leading scientists see no reason for denying that intelligent life-forms could very easily exist on other planets.

Many leading scientists have expressed the view that in addition to thinking of our own ambitions to reach other planets and far-off stars, we consider the possibility that at this very moment the inhabitants of other planets may be engaged in the same ambition to reach Earth, as is dramatized so thrillingly in "The Mysterians."
